

# EASTERN COUNTIES RUGBY UNION

## Road show's for all Eastern Counties Mini Rugby Club Coaches

An evening to help coaches better understand the representative pathway that awaits young players be it playing for their Sub County, Eastern Counties and hopefully England. In addition information on coach development will be covered

On the player development front Northampton Saints and Leicester Tigers our local premierships clubs run an academy for Elite players from U12 upwards. Their local representative will give a talk on the programme delivered by the Premiership clubs for young players in Eastern Counties.

Our local RFU Rugby Development Officer Lee Adamson and the Sub County Community Coach will provide information on the support available to clubs and coach's from the RFU.

Finally Nick Pressling who until recently was the lead coach of the Eastern Counties Schools of Rugby and is currently the lead coach for Eastern Counties Youth squads will give a talk on the both of these areas. Nick is also the chair of coaching within Eastern Counties and will provide information on coaching courses and opportunities available within Eastern Counties

This is an ideal opportunity for all club coaches to come along and find out from the various speakers what opportunities are available to develop players and coaches.

To register and for further information please contact Nigel Jones on :-
